

# C-SPARTAN™

Everyday solution for permanent suspensions

The C-SPARTAN™ is designed for permanent well suspensions and as a fundament for cement. The C-SPARTAN™ is designed based on the pioneering LOCK® and SPARTAN® technology and provides the customer with a reliable solution for safe and lower cost operations.

## Benefits

- Easy and rapid deployment and installation
- Safer and lower cost operations
- Reduces operational time
- Flexible set depths and deviations
- Easy adaption to suit combined operations

## Features

- ISO 14310 V6 rated
- No set weight needed below, limited weight needed above
- Resettable if required

## Specifications

|                             |                                |
|-----------------------------|--------------------------------|
| Sizes, inches               | 9 5/8 - 10 3/4                 |
| Pressure rating, psi [bar]  | 3133 - 4000 [216 - 276]        |
| Temperature rating, °F [°C] | 39 - 203 [4 - 95]              |
| ISO 14310 qualification     | V6                             |
| Typical application         | Permanent barrier or fundament |
| Drillpipe Connections       | NC50 Box                       |
| Elastomer                   | NBR - HNBR                     |
| Service provided            | Standard                       |
